

Vienna-Madison Community Coalition

A Community and School Partnership

joining forces to promote a drug, alcohol and violence free community for our youth.

VMCC was launched in 1995 as a community coalition under the Safe and Drug Free Youth Section of Fairfax County Public Schools. Community members such as the police, health, faith leaders, youth, businesses, the media, principals from the pyramids' schools, teachers, parents and other community leaders are invited to work with the VMCC.

Our mission is to develop and implement a community-wide partnership that promotes a drug, alcohol, and violence-free environment for all our children and youth within the school boundaries of the Greater-Vienna School community.

The Coalition has a number of goals that it has targeted for the coming year to raise parental and student awareness on such issues as — Cyber bullying - Depression and Suicide - Drugs - Gangs - Inhalants - Internet safety - Peer Pressure - Underage Drinking - Teen Health and Sexuality

The VMCC provides information and resources to parents and students through forums, presentations by experts, and working with students, sharing brochures and materials, and hosting a website with important links to other, credible websites that can inform and help. Visit us at:
